

Bajacu

TIMELESS HILLTOP RESIDENCE BOASTING ITS OWN PRIVATE COVE

Bajacu, or rising sun in 'island' language, was designed by world famous Mexican architect Marco Aldaco, and his exacting designer's eye and sublime attention to detail can be seen at every turn. Situated on a south shore hilltop with a breathtaking 270° view of the sea and surrounded by lush tropical gardens, Bajacu also boasts the only fully private beach on the Turks & Caicos Islands.

This exquisite expanse of white sand, complete with beach house, are nestled in a secluded bay lapped by warm, turquoise Caribbean waters. The clever use of luxurious natural materials throughout, along with a beautifully positioned infinity pool and hot tub, ensures Bajacu's timeless design blends harmoniously with its incredible hilltop location. Bajacu - an unforgettable island retreat.
